CALFED Bay-Delta Program

Subject: Draft Purpose and Need Statement

Please review the attached draft and provide any comments you might have to Rick Breitenbach by September 20, 1996. Your last set of comments were added to the draft statement dated April 9, 1996, and distributed at our scoping meetings. The latest draft meets both the spirit of NEPA as well as the requirements for a Section 404(b)(1) permit. In addition, it reflects comments of the public and the stakeholders. If you compare this version with our last draft, most of the adjustments can be found in the Purpose Statement itself.

This draft is just being to the designated agency liaisons. You will need to distribute this to other members of your agency.

If you have questions, please give Rick Breitenbach a call at (916) 657-2666.
